Hydrilla Hunt Survey Form

If you find a suspicious plant, please follow these steps:

1. Take photos of the finding
2. Collect a sample to mail in
 - Shake off excess water and place one or two specimens of any suspicious plants, with whorls, flowers, tubers and roots, in a plastic baggie with a damp towel
 - Place a label on the baggie indicating location, date, and sampler name and contact information
3. Report your finding:
 - Log into iMapInvasives to enter an observation

OR

- Send Scott Kishbaugh an email with photos:
sakishba@gw.dec.state.ny.us
4. Mail in the sample with this form:

NYSDEC Division of Water c/o Scott Kishbaugh
625 Broadway, 4th Floor
Albany, NY 12233-3502
(please send an email indicating that a sample is coming)
