

AIS Species in Chemung County

The table shows the invasive aquatic plants and animals that have been documented in Chemung County, as cited in either the iMapInvasives database (<http://www.imapinvasives.org/>) or in the NYSDEC Division of Water database. These databases may include some, but not all, non-native plants or animals that have not been identified as “Prohibited and Regulated Invasive Species” in New York state regulations (6 NYCRR Part 575; http://www.dec.ny.gov/docs/lands_forests_pdf/islist.pdf).

This list is not complete. It represents only those species that have been reported and verified within the county. If any additional aquatic invasive species (AIS) are known or suspected in these or other waterbodies in the county, this information should be reported through iMap invasives or by contacting NYSDEC at dowinfo@dec.ny.gov.

| Aquatic Invasive Species - Chemung County | | | |
|---|---------|-----------------------|------------------------------|
| Waterbody | Kingdom | Common name | Scientific name |
